October 23, 2025

I am happy to state that recently we obtained sequencing services of M/s. Genomic Valley Bharat Pvt. Ltd. (New Delhi) for whole genomes of several genotypes of *Drosophila melanogaster*.

We are highly satisfied with their service, in terms of the turn-around time, and analyses of the generated sequence data. We also receive good back-up support from their experts whenever we have a specific query about the sequence data analyses.

We hope the quality service is maintained and improves with experience.

Best wishes to M/s. Genomic Valley Bharat Pvt. Ltd. (New Delhi) for providing quality services to researchers.

S. C. Lakhotia
