To whom it may concern

This letter serves to acknowledge the successful completion of next-generation sequencing services that we have availed from M/s. Genomic Valley Bharat Private Limited (GVBPL), located in Paschim Vihar, New Delhi.

GVBPL effectively fulfilled the objectives of our proposed transcriptome analysis within the agreed-upon time frame. Their team of experts demonstrated a comprehensive approach by providing end-to-end solutions, encompassing sample pick-up, RNA isolation, library preparation and quality control, data generation, and subsequent analysis support, all in accordance with the terms.

We would particularly like to appreciate Dr. Amit Chaurasia for his exceptional management of our project. His proactive engagement, coupled with insightful scientific and technical discussions, significantly contributed to the smooth progression and success of this endeavor. Furthermore, we are highly impressed with GVBPL's commitment to customer service. Their responsiveness is consistently prompt, and their team exhibited a genuine eagerness to assist with technical queries.

Based on our pleasant experience, we confidently recommend the services of GVBPL to any organization undertaking genomics projects. Their dedication and expertise are helpful in achieving a successful outcome for our transcriptome work.

We extend our best wishes to the entire team at GVBPL for their continued success.
